

AIG Private Client Group Wildfire Protection Unit Authorization Form

I am the owner of the residence indicated below, and I have a homeowners insurance policy covering this residence through Private Client Group, a division of American International Group, Inc. ("AIG") and underwritten by an AIG member company such as Chartis Property Casualty Company or an affiliate. I hereby authorize members of the Wildfire Protection Unit to enter my property in order to provide a fire retardant application (the "treatment"), as needed or appropriate, in the event that my residence is threatened by a wildfire.

I understand that once I execute this authorization, members of the Wildfire Protection Unit, which includes AIG employees, consultants, and third party vendors, can enter my property at any time during a wildfire in order to apply an emergency treatment. It is the Wildfire Protection Unit's goal to provide the treatment whenever a residence is threatened by a wildfire that is actively burning within approximately three miles of a residence to be treated.

I understand and acknowledge that the services provided by the Wildfire Protection Unit, including the treatment, may not prevent damage to my property or residence from wildfires. I also understand that there is no guarantee that the Wildfire Protection Unit will be able to apply the treatment to my property before a wildfire damages my property. **I HEREBY WAIVE ANY CLAIM AGAINST AIG FOR DAMAGES DUE TO EITHER PERSONAL INJURY OR PROPERTY DAMAGES ARISING OUT OF THE TREATMENT OR LACK OF TREATMENT, OF MY PROPERTY. I AGREE THAT THE SERVICES PROVIDED BY AIG ARE "AS IS" AND AIG SPECIFICALLY DISCLAIMS ALL WARRANTIES TO THE SERVICES EXCEPT AS SPECIFICALLY STATED HEREIN.** This waiver does not apply to damage that may occur due to a fire.

I understand that all fees for this emergency service and the treatment will be paid by AIG, and as a policyholder I will not be charged for this service. AIG has the right to terminate this service at any time and for any reason. I understand that this service will automatically terminate if I am no longer a policyholder. I also understand that my participation is totally voluntary. Additional information regarding other services, such as permanently installed fire mitigation systems, can be obtained by calling the Risk Management Resources Hotline: **800 899 2409**.

Homeowner should consult with the local fire department, wildfire mitigation personnel or local forest service personnel regarding removal of vegetation and other fuel sources for fires around the home.

¹ If fire retardant is applied, reasonable costs for clean-up or damages caused to the property by the Wildfire Protection Unit due to fire retardant spray will be paid for by the insurance company. No deductible applies.

By checking this box, I hereby agree to the above terms.
